Subject: Fwd: Inquiry: Arkwood Inc. Third Five-Year Review Report

Dear Mr. Robinson,

I forward the attached recently-released document related to the Arkwood Superfund site as a courtesy for your information.

I have made repeated requests of Ms. Laureen Seeger's office for a copy of the transcript of the April 12, 2011 meeting on the subject, which took place at the headquarters of the Arkansas Department of Environmental Quality in Little Rock. The transcript was taken by a court reporter hired for that purpose by Jean Mescher, Director of Environmental Services at McKesson Corporation. Ms. Mescher attended the meeting via telephone, claimed that no one else on her end was listening in, and went on record with the statement that "McKesson objects to this meeting."

Ms. Mescher also hired an attorney from Fort Smith, Arkansas (Don A. Smith of Smith, Cohen, & Horan, PLC) to represent McKesson Corporation in the matter. Mr. Smith, representing and speaking for McKesson Corporation, has sent several letters to me and to my family, threatening that McKesson Corporation will take legal action against me and my family if we do not comply with McKesson's demands, as those demands are represented by Don Smith and Jean Mescher. I have forwarded those communications to you in the past and spoken with you about them on the telephone.

While the transcript of the April 12, 2011 meeting is clearly McKesson property to which I have no claim, I ask that you facilitate its delivery to me as a courtesy and act of good faith. I will of course pay for the transcript if McKesson sees fit to provide it to me.

Sincerely,

Charles Curtis Grisham, Jr.

Mr. Grisham,
Sorry for the delay in completing and sending you the copy of the Third Five Year Review. Here it is. We are also working with the site attorney to respond to your comments and questions you had for the site. Also, we will check with the Region Reuse Coordinators and check with the potential future reuse for the site. CAS

Subject: Inquiry: Arkwood Inc. Third Five-Year Review Report

Dear Carlos,

I was wondering if the 3rd 5-Year Review for Arkwood is signed off yet. Could you update me please? If the report has been completed and all concurrences signed off, could I please get a copy? I do not see it posted on the EPA website.

Thank you,

Curt Grisham
